Filed: January 8, 2004 § Examiner: Unknown  
For: METHOD FOR STORING HYDROGEN  
IN AN HYBRID FORM §

**STATEMENT OF INFORMATION**

Commissioner For Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

Applicants hereby disclose the following information to the Examiner: the above-identified patent application claims priority to U.S. Patent Application No. 09/894,010 filed June 29, 2001. U.S. Patent Application No. 09/894,010 included Examples 1-3 which, without deceptive intent, incorrectly were cast in the past tense implying that the examples had actually been performed. Examples 1-3, in fact, have not been performed and, therefore, Applicants have in the above-identified application stated Examples 1-3 in the present and future tense which correctly indicates that the examples have not been performed and instead are prophetic examples.

The Commissioner is hereby authorized to charge any fees which may be required or credit any overpayment to Deposit Account 08-1394.

Respectfully submitted,

Randall C. Brown  
Registration No. 31,213
